

## FMS SETS SUPPLIED IN ALUMINIUM BOX

When buying FMS inserts with a digital caliper these will be sent in aluminium box 99A. Box dimensions are 35x18x6cm / 14x7x2.4 ins.

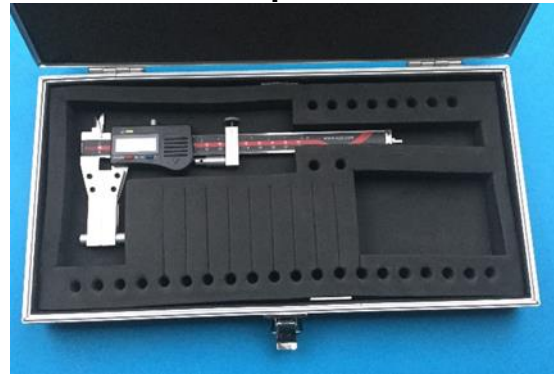

The pictures show 2 caliper types. The YTMT203 caliper with a special 2-way pressure device or a 150mm / 6" digital caliper. The caliper shown in the right-hand picture has a display of 0.005mm / 0.0002" and is more accurate than a standard digital caliper. The caliper space in the box can hold a digital caliper up to 200mm / 8" with insert holders (10A) and pressure device (40A) mounted.

**Caliper YTMT203**

**Caliper 110-051**

Sets are composed of one or the other type caliper with the inserts required and can be for external or internal thread measurement or both.
